Dear Customer,

We are all hearing that gas prices are sky-rocketing and many people are changing their travel plans. There are ways to still take that well needed fabulous vacation without spending all your money on gas. There are many southeastern destinations that offer fabulous area activities that you either do not have to drive to or can access public transportation easily and affordably to get to. This month we are going to feature some of those great destinations

Great City Destinations

Atlanta, GA is a great affordable destination. The MARTA system is clean and easily accessible. The main station called the Underground offers an eclectic array of shops and restaurants. There are kiosks and artists and lots of opportunities for fun. Nearby is the Coca Cola museum, and the CNN center, and a brand new aquarium just opened this spring. Why pay high gas prices (although GA has some of the lowest prices in the country) when you can park and still enjoy all this great city has to offer. [For Atlanta Accommodations](#)

Nashville, TN is such a great destination city offering economy to travelers two different ways. You could stay at the Grand Ole Opry hotel which is a self-contained city itself. The Grand Ole Opry is right across the street and so is the Gaylord Mall with an incredible array of things to do and places to eat. Or you can stay right downtown where a great many things are in walking distance and it is fun to walk by all the shops and restaurants, many open to the street. [For Nashville Accommodations](#)

Williamsburg, VA is another great destination encompassing all kinds of great adventures within walking distance of one another. Just a short drive away you can spend the day at Busch Gardens and cool off. It's a fabulous mix of history, culture and affordability. [For Williamsburg Accommodations](#)
