Cool Look Out Mountain

We recently had a chance to visit a spectacular place in northern Georgia. It is called Look-Out Mountain and we found a cabin in Cloudland. It was exactly like it sounds. Our cabin was built on the "Brow" (ridge) of the mountain. The cabin overlooked the beautiful cloudy valley below and offered spectacular sunrises from its lower deck. I find, there is nothing more peaceful than spending a weekend with family on top of the world in the clouds.

Just minutes from downtown Chattanooga, TN, Lookout Mountain is the perfect destination for out of the ordinary

Dear Harry,

What a great time to trek through mountains near you. It's great fun to hike through the National Parks or state park trails. These are well marked and graded for different levels of hikers. You'll probably find lakes, mountain clear cold streams, and maybe a few waterfalls. This is the super time to swim in these natural waters. Grab your hiking stick and get out there and explore!!

Here in South Carolina, the celebrated Lowcountry barrier islands of Kiawah and [Seabrook](#) constitute a vacationer's dream - realized. These are the resort/residential islands you've heard so much about - the ones travel writers extol in glossy magazines with dreamy

features about pristine beaches in a lush, sub-tropical setting, with almost unlimited recreational opportunities, and a quiet luxury lifestyle to match. These are the island destinations so many satisfied, contented visitors have talked about for years. And through [Beach walker Rentals, Inc.](#) - it's all waiting for you.

[Kiawah's](#) 10,000 natural woodland acres stretch along a windswept Atlantic and create 10 miles of spectacular, unspoiled beach. You'll find the sparkling waters as restful to the soul as they are wondrous to the eye - unmarred by commercial development and unsympathetic intrusion. Surely this is a Beachwalker's paradise...day or night...any time of the year. Not surprisingly, the island is a haven for watching the vast array of fascinating wildlife - who seem to take it all in stride. The shy, tawny deer, the majestic Blue Heron and the fragile Snowy Egret share this verdant landscape willingly with a limited number of visitors and full-time residents. And why not, there's room enough for all. The climate is part of the attraction; the year-round average temperature is a balmy 65-degrees. But across the golden marsh and tucked away behind Kiawah's abundant foliage are the island's luxury accommodations, two unique resort villages plus ultra-exclusive areas with (design award-winning) private homes.

Current Specials 4th of July Sale It's not too late to celebrate the 4th of July at Kiawah or Seabrook. We are offering last minute specials of 15- 30% on all remaining properties. Take advantage of two 4th of July celebrations on both the 3rd and 4th of July. *Minimum 4 night stay on certain properties. Prior reservations excluded. Saturday check in not required. **Summer Fun Sale** Many of our properties are offering special property specific discounts of up to **30%** off on summer and fall rates. Click on the

America's deepest commercial cave and the highest, most-visited underground waterfall. Enjoy a guided tour through this fascinating attraction with its 145-foot waterfall, and millions of natural geological formation. At the tours conclusion see the panoramic view from the Lookout Mountain Tower, enjoy the newly renovated gift shops, and relax on the mountainside deck with a snack. Ruby Falls also hosts weekly lantern tours, and many special events like the Football at the Falls, the Haunted Cavern and the Deck the Falls celebration. With its long, storied history, awe-inspiring scenery, and many geological wonders, it is no wonder that Ruby Falls is one of the Southeast's favorite destinations. This remarkable beauty located deep inside Lookout Mountain has been a shared memory for generations of travelers to and through the Chattanooga area.

This is an incredible place and everyone should go there at least once.
