Here in South Carolina, the celebrated Lowcountry barrier islands of Kiawah and Seabrook constitute a vacationer's dream - realized. 1959. Now being run by the second generation of the Elliott family, our company strongly believes in providing unparalleled customer service. That's what gets your North Myrtle Beach vacation planning started smoothly. quiet luxury lifestyle to match. These are the island destinations so many satisfied, contented visitors have talked about for years. And through Beachwalker Rentals, Inc. - it's all waiting for you.

Kiawah's 10,000 natural woodland acres stretch along a windswept Atlantic and create 10 miles of spectacular, unspoiled beach. You'll find the sparkling waters as restful to the soul as they are wondrous to the eye - unmarred by commercial development and unsympathetic intrusion. Surely this is a Beachwalker's paradise...day or night...any time of the year. The climate is part of the attraction; the year- round average temperature is a balmy 65-degrees. But across the golden marsh and tucked away behind Kiawah's abundant foliage are the island's luxury accommodations, two unique resort villages plus ultra-exclusive areas with (design award-winning) private homes

Seabrook is unique among Low country barrier islands in that it is totally private and completely owned by its residents. Access to the island is controlled by a security gate to ensure privacy for residents and guests. Also unique to Seabrook is the island's Equestrian Center - with its miles of riding trails winding through the lush, semi-tropical vegetation. Seabrook Island has quietly transformed itself by investing over \$30 million in a spectacular new oceanfront Beach Club pool and outdoor restaurant complex; An all new Golf and members Club House to go with its 36 holes of Championship golf courses; and an amazing Lake House Community Center with indoor and outdoor pools; a 6000 square foot fitness center, play area and events lawn.
